Lease Structure: NN

A fictional offering prepared solely to demonstrate document extraction.

TRANSACTION OVERVIEW

The seller, Sonoran Precision Components, LLC, will execute a new fifteen-year lease at closing and continue to occupy the entire facility as its headquarters and primary manufacturing site.

- New 15-year lease executed simultaneously with closing, providing immediate long-term occupancy.
- Mission-critical facility housing the tenant's only cleanroom production line, with substantial tenant investment in fit-out.
- Annual rent escalations of 2.5% provide a hedge against inflation over the term.

TENANT OVERVIEW

Sonoran Precision Components, LLC is a privately held Arizona limited liability company supplying machined components to the aerospace and semiconductor industries. The company is not rated by any credit agency and does not publish audited financial statements.

Financial statements will be made available to qualified prospects under a confidentiality agreement.

LEASE ABSTRACT

Tenant: Sonoran Precision Components, LLC

Lease Commencement: January 1, 2027

Lease Expiration: December 31, 2041

Primary Term: Fifteen (15) years

Renewal Options: Two (2) five-year options

Rent Escalations: 2.5% annually

Base Rent: \$806,000 per annum

Landlord Responsibilities: The landlord is responsible for the roof and structure. The tenant pays all real estate taxes, insurance premiums and routine maintenance, making this a double net (NN) lease.

PROPERTY DESCRIPTION

The improvements consist of an 84,300 square foot concrete tilt-up industrial building constructed in 2004, situated on approximately 5.62 acres. Clear height is 28 feet with eight dock-high doors and two grade-level doors.

The property received a full roof replacement in 2019 and the parking field was resurfaced in 2021.
